- 7:00-7:15 *Break*
- 7:15-8:45 Hands-on habitat mapping
 Create habitat map for our field site location
- 8:45-9:00 Final questions, wrap-up

HOMEWORK for next workshop on Thursday, 4 June 5:00pm-9:00pm:

- Keep mapping habitats! Aim for completion of Section 2. And, **finish a preliminary habitat map of our field visit site**, including soils, topo, and stereo photo analysis. Section 3 orthos and our habitat maps are on the website. (http://hudsonia.org/?page_id=35)
- Develop the group's habitat list (subject to additions as more areas are mapped and checked).
- May 30th deadline for group treasurer to submit grant spreadsheet update
- Lead person(s) for second and third field sessions should:
 - obtain landowner permissions
 - arrange for location to meet indoors before/after field session
 - develop a plan for site visits (destination, access, field questions, etc.)
